NOTICE THIS!

It is estimated that twenty per cent
of volunteers rejected from army ser-
vice are rejected because of defective
vision. This condition is alarming to
those who do not understand eyes and
eye defects. To us it simply means
neglect—first to the parents; later to
the young men themselves. Proper and
timely use of glasses would have re-
sulted many of these eyes to normal
sight.

nor Brodie yesterday appointed Dr. H.
W. Fenner of Tucson a member of the
territorial board of medical examiners
in the place of Dr. A. Tyroler resigned
on account of his intention to leave the
territory.

HIGH SCHOOL DEFEATED.—If the
Phoenix high school team can't defeat
Glendale, there is one team it can beat
and that is the High school aggres-
sion. At least it gave them the harpoon
yesterday at Eastlake park, the score
being 15 to 9.

roe street. Services at 11 a. m., subject,
"Christ Jesus," solo by Mrs. Helen
Hepp; Sunday school 9:30. Reading
rooms open daily. Wednesday evening

BISBEE VISITORS.—Mr. and Mrs.
J. G. Pritchard of Bisbee are in the city
for a few days' stay. Mr. Pritchard
came mainly to attend the Shriners'
festivities on Monday. He is one of
the pioneers in Bisbee town and has
been identified with her business in-
terests for many years as postmaster,
newspaper man, mining broker, etc.

ORDERED OUT.—Captain Parks of
B company, N. G. A., has issued or-
ders to all members of the company to
be present at the armory, at 12:30 p.

the following corporations were filed
in the office of the county recorder
yesterday: The Waterford Oil & Gas
company, capital stock, \$50,000, incor-
porators A. L. Moore, J. L. Stern-
berg and H. P. Gillette; The Gilpin-
American Gold Mine company, capital
stock, \$1,500,000, incorporators M. E.
Stinson, L. E. Wilson and B. Tift.

A SUIT FOR DIVORCE.—Suit for
divorce was begun in district court
yesterday by Mary E. Smith against
D. A. Smith on the ground of aban-
donment. The parties were married in
Los Angeles in 1878 and in 1898 the
abandonment occurred. Smith had
been in business here for several years,
was a member of several fraternal or-
ders. One day he surprised his friends
by running away with another woman
and not a very nice woman either.

HE WANTS A TITLE.—Louis Do-
minquez yesterday brought suit in dis-
trict court against J. A. Kilroy to
compel a conveyance to two lots in
Montgomery addition or as it used to
be known, New Palestine. The com-
plaint is accompanied by a copy of
an agreement between the parties by
which the plaintiff was to pay the de-
fendant \$40 at the time of the agree-
ment, \$25 soon after and thereafter
\$6 a month until the whole amount
of \$115 had been paid. The defendant
now claims that he has paid the whole
sum except \$8 which the defendant
refuses to accept.

the newly organized Phoenix Driving
club. The programme is said to be
the best ever prepared for the enter-
tainment of those Phoenix people who
like to see horses move swiftly. Twen-
ty-three horses have been entered in
the six races. There will be no charge
for admission and the management has
taken every precaution for the comfort
of those who attend. The horses will
be driven by their owners who will see
that all the speed in them comes out.
The races will begin promptly at 1:30.

VISITING NEWSPAPER MAN.—
Sidney Kemp, editor and proprietor of
the Range News, of Wilcox, Arizona,
spent yesterday in Phoenix. Mr. Kemp
was formerly on the road in the inter-
est of the American Type Foundry,
with headquarters at Los Angeles and
while thus engaged, traveled all over
the southwest. He is, therefore, well
known in every printing office and is
always a welcome visitor.

WORLD'S FAIR EXHIBITS. Sec-
retary Van der Veer, of the board of
trade and a corps of assistants were
busy yesterday packing up horticultur-
al exhibits for the St. Louis exposition.
Arrangements had been made for the
shipping of one car of citrus and other
fruits on Monday, via the Santa Fe, and
as there was still room to spare it was
decided to send along such preserved
or pickled exhibits as are ready. The
packing required a great deal of care,
as many of the jars are so big it took
an entire case or barrel for the pack-
ing of one of them.

A RICH PINAL STRIKE.—Thomas
D. Bennett arrived in the city yesterday
from along the line of the Phoenix &
Eastern railroad. Mr. Bennett said in
passing through the mining camp at
Troy he heard of a great strike made
by the Troy-Manhattan Copper com-
pany. At the end of an 1,800 foot
tunnel a large deposit abounding in
native copper was encountered. Russell
A. Warner also came in from the
camp bringing samples of the copper
with him. There is no idea of the
extent of the deposit but it is supposed
to be large. Last fall in the course
of the tunnel the company came upon
a vein fifteen feet thick of fairly rich
ore. This is only one of the many
Pinal bonanzas which the new road is
going to connect with the outside
world.

DRUM'S EXCUSE.—H. G. Galbreath
made complaint in Justice Burnett's
court yesterday that William Drum
had stolen his overcoat and he said
that Drum had been caught with the
goods on him. That was true. Drum
was brought in court and said that
the coat had been left at his house by
a Mexican who refused to take it away.
Anxious to restore it to the owner,
Drum said that he decided to wear it
up town thinking it would be more
conspicuous than if he carried it tied
up in a bundle. His supposition was
correct for he had not gone far before
the coat was seen and identified. The
Mexican who Drum said had left the
coat at his place was brought in as a
witness. He said he had never seen
the coat and moreover had not been
at the residence of Drum. It was
the opinion of the court that Drum
had been guilty, at least, of misrep-
resentation.

A VISITING OFFICER.—Mr. and
Mrs. Frederick S. Hussey of Victoria,
B. C. have been in the city for a
few days and expect to remain some-
time longer. They are here for the
benefit of Mr. Hussey's health, though
he is not a victim of lung trouble and
would not be taken for any sort of an
invalid. In fact it is rest and recupera-
tion he is after rather than anything
else. Mr. Hussey says he has heard a
great deal about Arizona and has been
trying to get down this way for many
years. And he is glad he came for he
likes the country and particularly the
delightful winter climate. Mr. Hussey
is a peace officer by profession, being
superintendent of the provincial police
of British Columbia, and therefore
he holds the city marshal's office as
a natural place of interest and has a
fellow feeling for the force. He says
the provincial police force consists of
from 100 to 120 men at different times,
and the province is divided into dis-
tricts over each one of which is a chief
constable. Jurisdiction is all over the
province but usually the incorporated
cities have their own municipal police
force and the principal work of his
force is the policing of unincorporated
towns and country districts.
